FOREWORD

The *2023-2024 Directory of Arkansas Municipal Officials* contains the names of the officials of the cities and towns of Arkansas and other information about the municipalities.

The *Directory* is compiled biennially by the Arkansas Municipal League. Interim corrections and changes are published online at www.local.arkansas.gov. Arkansas towns and cities are listed by their respective counties on page 100, and frequently called state and federal telephone numbers are on page 95.

Population figures are from the 2020 Census and special censuses. As 2023 began, Arkansas had 499 incorporated cities and towns. Websites and emails submitted by municipalities are included in the *Directory*.

The Arkansas Municipal League was founded in 1934. It was established and supported by the cities and towns for multiple purposes, among which are:

1. To act as a clearinghouse through which cities and towns can assist one another in improving municipal administrative procedures and practices by interchanging ordinances and municipal information, holding conferences, and conducting research on mutual problems.
2. To represent the collective interests of Arkansas municipalities and their residents in public affairs of the state, especially before the Arkansas General Assembly, and the nation.
3. To develop and administer optional service programs desired by municipalities.

This publication is one of the services that the Arkansas Municipal League renders for members and others interested in the cities and towns of Arkansas. We sincerely hope that it will be of assistance to you.

Support a family on \$20 a week?

Firefighters who are injured in the line of duty receive only \$20 a week for a compensable injury.

Solution: The Arkansas Municipal League's Firefighters Supplemental Income and Death Benefit Program protects the earnings of volunteer, part-paid and paid firefighters who are injured in their duties.

Details: Weekly temporary total disability benefits payable up to a MAXIMUM of \$835 for 2023 allowed under Arkansas Workers' Compensation Law; weekly benefits go for 52 weeks; \$10,000 death benefit.

How? Cost is only \$20 a firefighter a year. All volunteer, part-paid, and paid firefighters in the department must be covered. The minimum premium for each city or town is \$240.
