

AML Salary Survey Results 2026 Pop 10000+

The following salary survey has been compiled to provide municipal officials with insight into staffing levels and compensation for various positions across Arkansas municipalities. Readers should note that duties and responsibilities may vary significantly between municipalities, even among positions with similar titles. Additionally, differences in cost of living and the financial condition of each municipality may contribute to variations in compensation.

Methodology

- a) Questionnaires were completed electronically, and responses were reviewed and compiled by JER HR Group.
- b) Reported salaries reflect actual annual compensation for positions with a single incumbent. Hourly wages were annualized using a standard 2,080-hour work year. All salary data is effective as of February 1 of the current year.
- c) Blank fields indicate that data was not provided.
- d) All valid submitted data was included. In limited cases, data was excluded or reclassified, particularly within salary categories to better align with comparable roles across municipalities. For example, where multiple levels of a position existed, compensation may have been reassigned to the level most consistent with peer data.
- e) Where salary range data was not provided, estimated ranges were calculated using a standard methodology of 80% (minimum) and 120% (maximum) of the midpoint. These calculated ranges may not reflect actual salary structures used by individual municipalities.

All data requests and responses are subject to interpretation based on the information provided. The League staff and JER HR Group accept responsibility for any errors resulting from misinterpretation. However, the data is considered sufficiently reliable to serve as a practical reference.

The League staff and JER HR Group extend their appreciation to the municipal officials and employees who contributed to this survey. Special acknowledgment is given to the members of the AML Survey Steering Committee for their oversight and guidance:

We would like to acknowledge the work done by the members of the AML Survey Steering Committee who oversaw the process and final product:

Glynis Lynch - Forrest City AR

Sue Edwards - Mountain Home AR

Lisa Mabry-Williams - Conway AR

CONSULTANT'S STATEMENT

Use of this survey instrument and all reported data is considered confidential. The survey participant has the right to use the reported data in their regular course of business solely for their own internal use. The survey participant acknowledges that the JER HR Group owns all survey instruments and all reported data including but not limited to all copyrights, patents, trade secrets, and other proprietary rights. Access to any survey instruments or reported data does not convey or infer to the authorized user any proprietary or other ownership of the survey instrument or data. As a survey participant you may not copy, forward, sell, distribute or otherwise disclose any part of JER HR Group's survey instruments or reported data without their written permission.

JER HR Group maintains the raw data collected in this survey and protects the confidentiality of each participant's data. Although every reasonable effort was made to verify the validity of data submitted, JER HR Group makes no guarantee or warranties, written or oral, expressed or implied, regarding the validity of the participant's data submitted to JER HR Group. We want to thank Chris Devine with Cyberdyne Systems, LLC who helped make this survey possible. If you would like additional information about this survey, contact:

Averages by Population Group					
Group	Number of Employees per City	Average Annual Salary	Minimum	Midpoint	Maximum
Overall	9.7	\$43,703	\$37,041	\$45,426	\$54,165
45,000+	14.71	\$46,175	\$38,742	\$48,304	\$57,643
20,000 - 49,999	8.56	\$41,114	\$35,008	\$42,144	\$50,603
10,000 - 19,999	6.14	\$42,420	\$36,607	\$44,409	\$52,211

We have provided a minimum and maximum salary range number for each position using a common percentage of 80% of midpoint and 120% of midpoint respectively when data was not provided. These ranges may not reflect the actual salary ranges of the cities.

1210- Street Department Laborer

Averages by Population Group					
Group	Number of Employees per City	Average Annual Salary	Minimum	Midpoint	Maximum
Overall	13.2	\$46,292	\$40,296	\$49,503	\$58,504
45,000+	46	\$43,870	\$42,058	\$52,570	\$63,088
20,000 - 49,999	13	\$51,892	\$41,919	\$52,399	\$62,879
10,000 - 19,999	7.83	\$44,016	\$37,224	\$44,098	\$50,387

We have provided a minimum and maximum salary range number for each position using a common percentage of 80% of midpoint and 120% of midpoint respectively when data was not provided. These ranges may not reflect the actual salary ranges of the cities.
