ADOL/AOSH Injury & Safety Reporting Requirements

A form must be completed and notification given to the Arkansas Department of Labor within 48 hours for each accident resulting in a fatality, amputation, or when one or more employees are hospitalized. Here's a link to the ADOL Injury Report form on the ADOL website Public Sector Accident » Arkansas Department of Labor and Licensing

A form must be completed by any public body (state agency, county, municipality, school district, or other local tax unit or improvement district) awarding a contract for a public construction project which will involve any trench or excavation of five feet (5') or more. Arkansas Code § 22-9-212. Here's a link for that form: Excavation and Trenching » Arkansas Department of Labor and Licensing

Work on or around powerlines must be reported. **This form must be completed by any person, firm, or corporation that desires to carry on any work or activity within ten feet (10') of overhead energized electrical lines or conductors. Arkansas Code § 11-5-307. The ten feet clearance applies to any part of any machinery, equipment, or materials, as well as any employee or person.** Here's a link to that form: AOSH Reporting » Arkansas Department of Labor and Licensing.

You must report each hazardous chemical used, generated, or stored in the workplace in an amount equal to or greater than fifty-five (55) gallons or five hundred (500) pounds. (AR Code 12). Here's the link for that form: Microsoft Word - safety_code12.doc

If you have questions regarding these specific reporting requirements, please contact ADOL/AOSH at 501-690-5271 or 501-682-9091
